11 When this subject was considered at the Council meeting on 21 4 1913 the Council was of opinion that a Scholarship may be sanctioned to Mr K H Ramaiah as asked for by him on condition that he agrees to undergo a course of Study in Commercial Universities or Institutions in England & Europe so as to qualify himself to be in charge of a commercial (Educational) School or College in Mysore and that he do sign a bond binding himself to serve Government for a period of 5 years

12 Before however taking any further action in the matter I was asked to consult Mr K H Ramaiah and ascertain his views in the matter

13 I accordingly wrote to Mr K H Ramaiah on the 27th April, requesting him to come and see me about his application

It would appear that owing to his absence at Tirupati & other places he did not get my letter till he returned to Bangalore & accordingly came to see me as soon as he saw my letter he came to see me and I discussed with him the question of his application

I SUBJECT - (Clause of the Schedule)

Application of Mr H Ramaiya, General Secretary to the Vokkaligara Sangha, for the grant of a scholarship to enable him to study for a period of three years in the London School of Economics

OPINION OF THE COUNCIL

A scholarship of £ 200 a year tenable for 3 years with free passage to and fro, may be sanctioned to Mr H Ramaiya on condition that he undergoes such course of study as may be prescribed by Government in Commercial Universities and Institutions in England and on the Continent so as to befit him, on his return, to take charge of a Commercial School or College in Mysore and that he undertakes to serve the State for a period of not less than five years after his return

12 These papers relate to an application from Mr K H Ramayya General Secretary, Vokkaligara Sangah, praying for the grant of a scholarship to enable him to proceed to England to study for a period of three years in the London School of Economics

2) When Mr Ramayya applied for a foreign scholarship in October 1911 His Highness was not inclined to grant his request for want of savings in the Damodar Dass Funds and because also his case was not considered to be one which justified the grant of a scholarship from State Funds

3) Mr K H Ramayya seems to be a talented member of the Vokkaligar community and if he is given opportunities for study of commercial and business subjects in England and Europe he is likely to be of great help in spreading sound commercial ideas among the people after his return We want trained teachers and leaders of this class for conducting educational and commercial institutions in Mysore Mr Ramayya has now agreed to undergo training in Commercial Universities so that his services might be utilized by Government if necessary on his return

4) The matter having been considered in Council, it was resolved that a foreign scholarship of £200 a year tenable for three years with free passage (second class) to and fro may be sanctioned to Mr K H Ramayya on the following conditions, viz ,

(1) that he undergoes such course of study as may be prescribed by Government in Commercial Universities and Institutions in England and on the Continent so as to qualify him on his return to take charge of a Commercial School or College in

5 Mr Ramayya is agreeable to these conditions

6. The applicant has also asked for a grant of Rs 50 per month for the mainterance of his family during his absence from India The First Councillor says and I agree with him, that Government should not ordinarily undertake entire responsibility for all such expenses But in view of the fact that Mr Ramayya belongs to a backward community and has at considerable self-sacrifice been trying to do some useful work, I would recommend that as a special case, he may be given Rs 50 per month or £40 per annum for the maintenance of his family during his absence If a scholarship of £240 in all is sanctioned Mr Ramayya will be definitely informed that he should not expect any further assistance from Government The practice of asking supplementary grants after a candidate enters on his studies in Europe should be discouraged

7 The source from which the scholarship will be met will be indicated later on

that such members, by their own self-sacrifice and exertion, bring home to them, the benifits of education and improved -- er methods of agriculture It seems therefore, very desirable that a Vokkaligar like myself who has already proved his --- sincerity and devotion to the cause of his Community by ---- years of labour, as the Government is aware, and from which he has personally profited little or nothing, may be given a chance of training himself still further, to continue his unselfish work on better and more efficient lines, and with greater benefit to his people In this connection, I may -- with due deference, venture to say that the work on which --- I have been engaged is, in many respects, work which seems to fall more directly within the sphere of Government

The Sangha for which I have hitherto been working --- has now reached that stage in its development where, without expert guidance, the efforts so far expended would prove --- valueless and go to waste The Students' Hostel is nearing completion practical work on the farm proposed to be established will have to be started in the near future, so that our boys may not lose touch with manual labour Under these circumstances, it is necessary for me, in order to prove --- myself more useful, to study the scholastic Institutions --- especially of the residential type, of which there are so ---

few in India, and also the methods of agricultural education in some of the more progressive Countries of the West, and -- utilize my experiences for the uplifting and amelioration -- of my people who form the main agricultural population of -- this Province

I am anxious to undergo training, for a period of --- three years, in the London School of Economics, where, are taught not merely theoritical economics and politics, but -- more practical matters pertaining to business and administrative problems, such as, organisation of local self Government and Co-operative societies, Governmental methods of --- promoting industrial and commercial progress, and all subjects gererally coming within the purview of statesmanship The details of the course are fully given in the copy of the memorial appended hereto I have been now serving as a member in representative bodies, such as, the Municipal Council, --- Representative Assembly, Economic Conference etc, and I ---- believe that this will enable me to discharge better, my --- humble duties not merely towards the people, but also towards the Government

In placing these humble views before you, I beg leave to request that the Government may be pleased to grant me -- an adequate scholarship of £250/- a year, for a period of

(4

three years, to enable me to undergo the requisite training outlined above I may add that, should the Government consider it necessary to make use of my services after my return from Europe, I shall be ready to serve them in any capacity they may think proper, or do such other work, as they may deem fit to entrust to me, with or without remuneration

I beg to remain,

Bangalore
2nd March 1913

Sir,

Your most obedient servant,

K A Ramayya

General Secretary, Vokkaligara Sangha, 53, Cotton Pett, Bangalore City

Enclosure 1 Copy

His Highness

Sri Krishnaraja Wadiyar Bahadur, G C S I,

Maharaja of Mysore

May it please your Highness,

I the undersigned humble petitioner, beg most humbly and loyally to approach your gracious Highness with the following memorial for a scholarship tenable in England for a period of three years, from April 1919 and in so doing, I beg to be allowed to submit the following points for your Highness' --- kind consideration

I am a graduate of the Madras University having taken History and Political economy as my optional subject, and have been for the last few years engaged in the work of the ------ Vokkaliga Sangha, at considerable difficulties to myself Not being a man of means, I have been obliged to be dependent on the members of my community for the necessary help and --- support, and though I thankfully acknowledge the splendid --- manner in which they have responded to my call, I cannot help feeling that, if I had been in a more independent position, both the sphere and the degree of my usefulness would have been greater. Nationality counts for much in public life, and is even more needed there than in official life. Chiefly for -- these reasons I have been led to seek for a scholarship that would enable me to advance in experience, knowledge and -----

cholarship of any importance

s regards the course of m studies in England, I propose to read for the Economics De ree of the London University and attend --- Professor Lees-Smith's course on practical politics including problems of administration I shall also study industrial and agricultural --- questions such as co-operation, technical education &c

Considering the activities I have been engaged in, I think I can be at least as useful to the State as a non official as I could be as an official Your Highness has vastly enlarged the scope of ---- public life in Mysore by the creation of new assemblies of a more or less representative character - on one of which I have the honor even now to serve I believe I could serve Government best as a non-official organising and representing the vast agricultural interests of this Province

At the same time, if the Government want me, I shall be ready to serve them in any capacity they think proper And so, I undertake to put myself entirely at the disposal of Government

I therefore humbly pray that your Highness may be graciously pleased to grant me an adequate scholarship of £250/- a year for 3 years from April 1912, to enable me to pursue the course of studies outlined above

In conclusion, I pray for your Highness' long life and prosperity and with loyal duty and humble submission,

I remain,
Your Highness' most obedient & humble
Servant,
(Sd) K.H.Ramayya

Mysore,

25th June 1913

To

The Secretary to Government,

General and Revenue Departments,

Camp - Mysore

Sir,

In continuation of the application for a foreign scholarship submitted by me the other day, I beg to submit the following further representation, hoping that it will receive favourable consideration at the hands of Government

The scholarship I have applied for will, if graciously sanctioned, be just enough for the expenses in connection with my studies during my stay in England It would therefore be hardly possible for me to find means for the maintenance of the members of my family who are solely dependent on me for support It is undesirable to leave them to drift for themselves and depend on others, as, by doing so, I would be put to a great deal of anxiety in a foreign land regarding their welfare I therefore beg that the Government may be graciously pleased to grant them a bare subsistence allowance of Rs 50 per mensem during the period of my stay abroad

I may be permitted to mention in this connection that, in addition to the course claked out by me, I am prepared to use my leisure hours to advantage by devoting the same to a practical study of educational, industrial and commercial problems in the West and send periodical notes of my observations to the Secretary of the Economic Conference

I may add in conclusion that subsistence allowance has been granted by our benign Government in many cases, and venture to state that a similar concession in my case would be well-deserved in view of the fact that I am prepared to devote my leisure hours for the furtherance of the work connected with the Economic Conference

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 1993 / 113

Bangalore 13th August *1913*

From M Shama Rao Esq M A
Inspector General of Education in Mysore

To
C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness the
Maharaja of Mysore Departments of Education &c

Sir

With reference to Government Proceedings No 1703-5/Edn 313-12 dated the 7th August 1913 sanctioning a Foreigh Scholarship of £240 per annum to Mr K H Ramayya and requesting me to submit a scheme of studies to be pursued by Mr Ramayya in Europe I have the honour to suggest the following Scheme -

(1) Mr Ramayya should join the London School of Economics and Political Science and study for the degree of B Sc in Economics of the London University The course is one of three years and affords a good training in matters relating to general economics Foreign Trade Banking Commerce Public Finance administration and the like

(2) During the vacations Mr Ramayya should visit such important Commercial Centres of Europe as Liverpool Manchester Birmingham Paris Hamburg Berlin &c Mr Ramayya should spend one Summer in

Germany and one in France in studying the Commercial institution and methods of these two countries

I am of opinion that the course outlined above will give adequate work for a period of three years Should, however, any change in the practical part of this programme be found desirable, I shall address the Government again as required in the last para of the Government proceedings under advertance

The scholarship may commence with effect from the beginning of next October when Mr. Ramayya has to begin his course in the London School

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General
